COMPANY **PROFILE**

TOGETHER
TO
CREATE
VALUE

**TRANSPORT
& LOGISTICS**

Your technical partner for your consultancy and training solutions

WHO WE ARE

CONSORZIO GLOBAL

We work to achieve **organizational, technological and social innovation for companies working in the Transport and Logistics sector.**

We provide a set of integrated services for companies looking for both growth and innovation and are willing to invest on their human capital.

OUR NUMBERS

GROW TOGETHER

We can count more than **400 companies associated** with us for a total of **10.000 workers** benefiting from our services. We also have a network of more than **300 client leaders and contact people** on the territory to meet the needs of the companies associated with us.

OUR VISION?

CREATING NETWORK

We promote a new way to offer consultancy services to create culture and favour innovation **through a multi-stakeholder network.**

We support the active participation of the main institutional, economic and social actors that support the competitiveness of the supply chain.

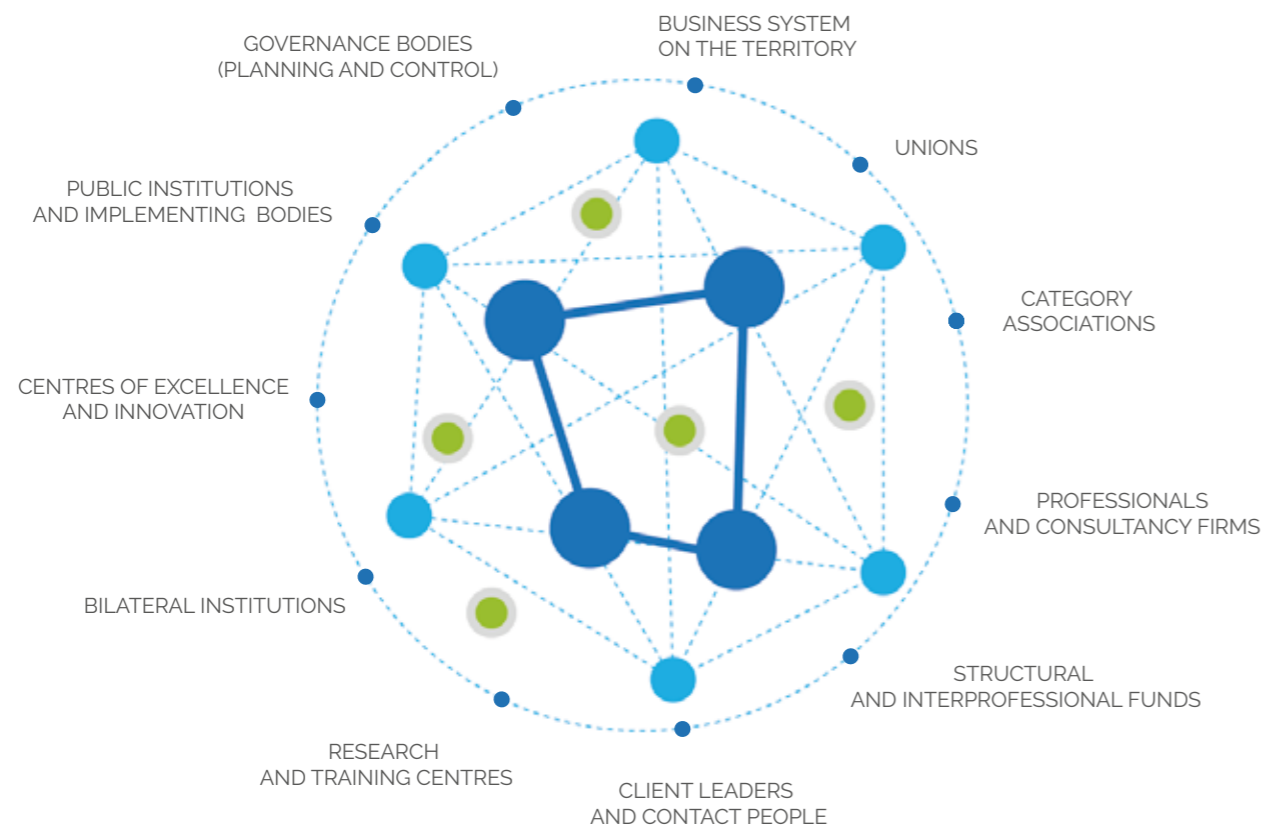

OUR MISSION?

CREATING VALUE

We offer **tailored services to meet the needs** of the companies and we support our clients to deal with complicated and multidisciplinary issues. We meet the different needs of the various companies and improve the potential of the supply chain.

THE NETWORK

We integrate different **competences and qualified know-how** among players operating in the consultancy and training sector and we offer our experience to the associated companies through our **multilevel network.**
